ITU Academy
TRAINING CENTRES

1st Annual Meeting
Geneva, 17-19 October 2023

Introduction

Susan Teltscher
Head, Capacity and Skills Development

ITU Academy
TRAINING CENTRES

Agenda

1. ITU Capacity Development and the ATC programme
2. The ATC programme to date
3. What's coming in 2024
4. Why are we here this week?
   (objectives of the meeting and expected outcomes)

ITU Capacity development and the role of the ATC programme

ITU/BDT core mandate:

Strengthen the capacity of policy makers in the field of ICT, in particular in developing countries

- WTDC-22 Kigali Action Plan
- PP-22 Final Acts

ITU Academy:

recognized as the main umbrella to harmonize all ITU capacity development and training activities

The ATC programme is the ITU flagship programme to develop the capacity of ICT professionals worldwide

Cutting across all ITU areas of work

Identified by the ITU membership as priorities

ATCs: core delivery partners

of ITU on capacity development

- Resolution 73, WTDC-22
- Strong integration with ITU/BDT operational work

The ATC programme to date (2023)

What's coming in 2024

New ITU project funded by the EC: «Capacity development for the digital transformation»

- Delivery of training to policy makers (online, blended and F2F) through the ITU Academy
- Covering a set of pre-determined topics
- ITU will reach out to ATCs as potential partners to deliver training under this project

ITU Digital Skills Forum 2024

- Core global event for ITU membership and other stakeholders
- Provisional date and venue: 17-19 September 2024, Bahrain
- Next ATC annual meeting: provisionally planned for 16 September, Bahrain

Opening up for new Centres to join the ATC programme

- Up to a total of 16 centres
- Taking into consideration the training needs of the ITU membership

Objectives of this meeting

Get to know each other (ATCs-ATCs, ATCs-ITU)

Strengthen collaboration

Share best practices and learn from each other

To provide a forum for discussion and inputs on the future direction of the programme

Ultimate goal: to ensure a strong and high-quality ITU capacity development programme that meets the expectations and needs of the ITU membership

ITU Academy
TRAINING CENTRES

What we hope will come out of it

At the end of the meeting you should…

1. Have a full understanding of the ATC programme and its role in ITU capacity development
2. Understand how the ITU Academy platform works and what it offers
3. Know with whom to get in touch for any questions or collaboration related to programme implementation
4. Have a clear understanding on the way forward and on key priority areas for the programme
